The  
Glow Night Lamp!It is an established fact that there has  
never been a night lamp on the market that  
was odorless, and most of the night lamps  
that are sold to-day absolutely poison the  
air in a close room. In placing the Glow  
Lamp upon the market we claim to have  
the night lamp that positively emits no  
odor when in operation, and is the only  
night lamp that should ever be used when  
it is necessary to burn a light all night, as  
for instance in the nursery or sick-room.  
It is a miniature gas-house, gasometer or  
gas-burner combined, automatically mak-  
ing and consuming its own gas, which, in  
the ordinary night lamp, escaped without  
being consumed, filling the room with a  
poisonous vapor, which, if put in mildly, is  
extremely injurious.The Glow Lamp is constructed on  
scientific principles, and is without question  
the simplest, cleanest, neatest, and cheap-  
est night lamp in the market, and combin-  
ed with its hygienic qualities, should com-  
mend itself to popular favor at once. One  
pint of kerosene, at a cost of about one  
cent, will give a pure, healthy, clean light  
for two hundred or more hours; i. e.,  
twenty ten-hour nights.It will give the greatest satisfaction in  
the sick-room, nursery, bed-room, dark  
corners of closets, and is ornamental as  
well as useful.The Hawaiian News  
Company.

## PIRACY IN THE HARBOR.

BOLD ATTEMPT TO STEAL THE  
SLOOP KAUAI.The Schooner Motwahine in from  
Paauilo—Movements of Vessels—  
The Claudine Leaves.The barkentine S N Castle has moved from  
Oceanic wharf to the foot of Allen street.The steamer Kaala came off the marine  
railway, and will leave on Monday for wind-  
ward Oahu ports.The steamer Hawaii is loading fertilizer  
and machinery for Wainaku plantation at  
Fishmarket wharf.The steamer Kaula is taking 280 tons of  
coal to Makawili this afternoon and a few  
passengers to Nawiliwili.The schooner Motwahine brought in 2100  
bags of Paauilo sugar last night, which was  
loaded on the bark S C Allen today.The bark Allen expects to leave in about  
ten days for the Coast. Her cargo will be  
completed when she receives 1000 tons.The iron barkentine Archer will finish dis-  
charging at Nuuanu street wharf on Monday,  
and will then commence loading sugar for  
San Francisco.The bark C D Bryant from San Francisco  
with a general cargo, and the bark Amba-  
sador from Jacksonville, Florida, with phos-  
phates for A F Cooke, are expected any day.The steamer Waiialele came in from wind-  
ward Kaula this morning with 713 bags paddy  
for J A Hopper, 408 bags paddy for Hyman  
Brothers, and 1029 bags paddy for Sing Loy,  
besides three passengers including John Bush,  
principal of the Kilauea schools. The cargo was  
unloaded this afternoon on Oceanic wharf.An (honest—if abortive) attempt was made  
to steal the little sloop Kauai from its  
moorings at the Fishmarket wharf last night.  
The Kauai arrived in from Waialele on Pearl  
Harbor yesterday at noon, and discharged her  
cargo of rice for Wing Wo Tai during the after-  
noon. There were no people on board  
when the vessel was boarded by three men,  
who hoisted sail and steered out towards the  
channel. They attempted to go on the Ewa  
side of the bark Sumatra and stuck on the  
mud flats close to the railway wharf. An  
alarm had been given to the police, and as  
the men who had by this time waded ashore  
were going up Nuuanu street, one of them,  
who gave his name as Landcroft, at the station  
house, was caught by special officer Osmer.  
This man is held for investigation, and efforts  
are being made to locate the rest of the gang.  
It is supposed on the waterfront that these  
men are the ones who have been engaged late-  
ly in petty pilferings on the wharves and on  
board of vessels hauled up on Rotten Row.  
The sloop was hauled off the mud flats this  
morning and is now at her old berth.

## TO OWNERS OF BUILDINGS.

The undersigned having purchased the exclusive right, title and interest for the  
Manufacture and use of the PEERLESS PRESERVING PAINT in and for  
the Hawaiian Islands, desire to call the attention of owners of buildings to the  
superiority of this Paint for the purpose of Preserving Shingles, Metals, Iron, Steel,  
Bridges, Posts, etc., against rust, corrosion, decay and leakage. One generous coat of  
the Peerless Preserving Paint has been found equal if not superior to three coats of  
any other Paint, and we guarantee it will not scale, crack, or run, it being possess-  
ed of a body when applied in which there is no OIL, SPIRITS OR EVAPORAT-  
IVE SUBSTANCE. In using this Paint upon a shingle roof its FIRE-  
PROOF qualities are one of the chief advantages, as it renders the roof imper-  
vious to sparks which may fall upon it in the driest season without the slightest  
injurious effects. The main features which the PEERLESS PRESERVING  
PAINT offers for its use upon roofs are its thorough resistance to any action of  
heat or cold, and its wonderful PRESERVING qualities which fully prevent  
any action from either RUST OR DECAY.We are prepared to execute and carry out special contracts for the application  
of the PEERLESS PRESERVING PAINT on any of the Islands. All con-  
tracts undertaken by us will be fully GUARANTEED. Our prices for this class  
of work are extremely moderate, and roofs to which Paint is applied by us are  
guaranteed against leaks, cracks, scales or runs for a period of years, estimated up-  
on the age of the roof when the work is performed.Examinations made and estimates given in all work free of charge, and refer-  
ences given by application at our office.
